

NeTIRail-INFRA WP4 Training workshop UIC, PARIS

Agenda

Time	Title	Who
09:30-10:00	Registration and coffee	
10:00-10:20	NeTIRail-INFRA overview, aims and objectives	Jonathan Paragreen, University of Sheffield
10:20-10:40	Track monitoring innovations and results (WP4) Welcome and overview	Alfredo Nunez, TU Delft - Vlasta Miklavzin, Prometni Institut
10:40-12:40	Axle box acceleration measurements in Romania: Faurei test ring and line Braşov to Zărneşti <ul style="list-style-type: none"> Using a train in operation (with passengers onboard). Condition of the rails using Axle Box Acceleration in the line Braşov to Zărneşti was captured. This conducted to analyze trade-offs between number of interventions and the effects on the rail condition performance. <p>Estimation of rail condition of the Faurei test ring was estimated. Field inspections proved the validity of the approach under different speeds</p>	Alfredo Nunez, TU Delft
	Dynamic measurements in Slovenia <ul style="list-style-type: none"> Dynamic technology and measurement equipment <p>Comparison with other monitoring technologies</p>	Vlasta Miklavzin, Prometni Institut
	Application for comfort monitoring, using low cost Smartphone <ul style="list-style-type: none"> Summary description of the developed application Results presentation of experiments 	Lucian Emanuel Anghel, ADS Electronics
	Wireless acceleration acquisition system, for railway environment <ul style="list-style-type: none"> Summary description of the developed system Results presentation of experiments 	Tudor Popa, ADS Electronics
	Current and voltage monitoring, for electric locomotives <ul style="list-style-type: none"> Overview of on-board current and voltage measurement fitted to existing locomotives Results from on track trials 	Tudor Popa, ADS Electronics
	Upgrading old interlocking systems <ul style="list-style-type: none"> Summary description of the developed solution. Results presentation of experiments 	Tudor Popa, ADS Electronics
12:40-13:00	<ul style="list-style-type: none"> Interactive session with the participants to discuss further steps towards implementation or new Challenges 	All
13:00-14:00	Lunch
