---------------	-----------------

Potential themes for workshop sessions:

1. Presentation of the results of the pilot group container shipment using the unified information technology INTERTRAN-2.
2. Unified information technology INTERTRAN-2.
3. Concept of the Phase-3 of the Project INTERTRAN-3 (objective, tasks, timeline, participants, transportation route).
4. Capabilities for intermodal transportation using the unified information technology from Japan to Europe.
5. Sharing best practices among UIC APRA members in the area of intermodal transportations using electronic document exchange.
6. Regulatory legal framework governing the organization and implementation of sea and rail transportation (UIC, UN ESCAP, OSJD, CIT).
